- Availability of funds

When an award has been granted, a **Letter of Instruction (LOI), Grant Agreement, and the terms and conditions** will be emailed to the Authorized Representative listed on the grant application. A **Letter of Instruction and Grant Agreement** will specify any limitations placed on partial funding. The Grant Agreement is a unilateral agreement. By signing and submitting an application, the applicant agrees to accept the terms and conditions, if awarded. The Grant Agreement document finalizes that agreement with specific terms. **Expenses are not eligible for reimbursement until the date that the agreement is fully executed or July 1, whichever is later.**

Any final reimbursement requests **must be received** by the Grants Department **no later than June 30** of the grant agreement period.

Handbook

All awarded grantees will receive a **handbook** that contains an explanation of VAG grant processes and procedures. It is mandatory for the grantee to read the entire handbook. The authorized representative, program contact, and other involved individuals will be required to attend a **grantee webinar training** at the beginning of the grant period. **Attendance is mandatory.**

Grantees will utilize organizational funds and request reimbursement of those funds from the department after providing acceptable proof of expenditures. Grantees must submit **back-up documentation** for expenditures including, but not limited to, a copy of the check and corresponding invoice, bill, or receipt. **Reimbursements lacking proper back-up documentation will be denied.** Advance payments are not allowed.

Underserved Veterans - New Reporting Requirement

If your organization is awarded a grant, you will be required to track **underserved veteran data**.

- **Data Tracking:** This data must be collected on your **intake form** for each **unduplicated veteran**.
- **Purpose:** The requirement to track underserved veteran data is designed to **collect more detailed demographic information** about the veterans being served, especially those from **underserved groups**. This data will help ensure that grant funds are being used effectively to reach the populations that might be most in need of services.

Suggested Actions:

- **Prepare your intake form:** Ensure that your form has a section to collect relevant data on underserved veterans.
- **Track Unduplicated Veterans:** Make sure that each veteran is counted only once, regardless of how many services they may receive from your program.
